

ΘΕΜΑ 1. ΚΑΤΑΝΟΗΣΗ ΓΡΑΠΤΟΥ ΛΟΓΟΥ

Read the text and decide if each statement (1-10) is True (A) or False (B).

When most Greek parents get bad school marks for their children, they become very sad. "You can't go to Senior High School. You must go to a Vocational High School (EPAL)", parents usually say to children with bad marks. They think that an EPAL is a school for students with bad marks. But parents should know that we do not need only doctors, but also good car mechanics and factory workers. When children don't like their school, they become unhappy. When parents understand that their child may not be happy at a Senior High School, they should help their child choose an EPAL school. They should help their child feel nice at school and learn interesting things there.
